

DAY IN DAVENPORT

Near Side Stop Ordinance in Force.—The city council will not repeal the near-side stop ordinance. This was the decision at the committee of the whole meeting after a conference with street car employees, company officials and citizens interested. There appeared to be more sentiment in favor of the present regulation than advocates of the far-side stop. General Manager Hinton of the street car company informed the aldermen that the company would route the owl cars over any lines the city designated. He also promised to put double-truck cars on the Le Claire street line. The matter of earlier car service on the Vander Veer park, Oakdale, and Warren street lines was taken up with the company. This matter will be taken up again at the next committee of the whole meeting.

Line of Tow Boats.—A line of tow boats and steel barges will be built to run between the twin-cities and New Orleans by the time of the opening of the Panama canal. This authoritative statement is contained in a letter received by Secretary Norwood of the Greater Davenport committee from Thomas Wilkinson, president of the Upper Mississippi River Improvement association. One and a half million tons of freight have already been pledged by St. Paul shippers to the new transportation company for the opening of navigation in 1915. The executive council of the River Improvement association met in St. Paul the 27th and 28th of January. Mr. Norwood was unable to attend the meet but Davenport was represented by Captain Walter Blair.

Elect Chief of Records.—Harry Ward, chief of records of Tecumseh tribe No. 32, I. O. R. M., was elected president of the Chief of Records and Collectors' association of the state of Iowa at the meeting of the chiefs held in Des Moines, his term to last until the next meeting of the association, February, 1915. Although the initial purpose of the organization of the tribe chiefs was to cut into the list of suspended members and discuss some method of diminishing the number, nothing but permanent organization was effected at the meeting. A constitution and bylaws were drawn up and passed. The association will have a meeting but once a year, always in the city in which the state secretary resides.

Organized Auto Thieves.—That an organized band of automobile thieves is operating in the city of Davenport is the belief of the local police, who during the past month have received a score of complaints, regarding stolen tires, lamps, tools and other accessories. Another robbery was added to the rapidly growing list. Dr. Dwight G. Krueh, 420 West Fourteenth street, being the victim. The doctor had left his machine standing in front of his residence and after eating his supper, discovered that a new tire had been stolen from the rear of the machine, where it had been securely strapped. The police were notified of the theft and it is likely that a squad of detectives will be detailed to run down the gang. The Davenport Auto

club has already begun a campaign against the thieves and there is some talk of posting a reward for the apprehension of the offenders.

Ordinance Asked for Premises.—Owing to the large number of tenants who have moved out of houses during the past six months and have left the premises in dirty and even filthy condition the Davenport Real Estate Men's association will ask the city council to pass an ordinance providing a line for such action. The subject will come up for discussion at a special meeting of the association next Wednesday night at the Commercial club. Other cities have such ordinances, Minneapolis being one of the number, and it is probable that a committee will be appointed by the Real Estate Men's association to visit cities where the ordinance is in force and discover how the measure works out. After inspecting the ordinances of various cities an ordinance will be prepared here and the city council will be asked to consider it. As representing hundreds of landlords the realty men believe that something in this regard ought to be done at once. It is probable that the city health officer would be empowered by the terms of the ordinance to inspect premises of which complaint had been made.

Democrats Rally Tonight.—Judge Nathaniel French will preside as chairman at the big democratic rally to be held tonight at the Grand opera house. United States Senator James E. Reed of Missouri, Congressman Maurice Connolly of Dubuque and Henry Volmer, democratic candidate for congress, will be the speakers. A reception and band concert in Senator Reed's honor will take place earlier in the evening at the Davenport hotel.

Licensed to Wed.—Patrick D. Howe, Davenport, and Clara Newman, Davenport; Delbert Michl, Bettendorf; Frank Hann, McCausland, and Anna Mae Clark, McCausland; Leroy A. Haines, Princeton, and May M. Fullmer, Princeton.

In District Court.—The will of the late Thomas J. Owens was filed for probate in district court. The estate is left to Margaret F. Miner of Kansas City, a sister of the decedent. Hugh Harrison is nominated executor without bonds. Judgment entry in favor of the plaintiff for \$905.66 was made by Judge Theophilus yesterday in the case of C. J. Dahms against Ernst J. Moeller. The amount was asked by the plaintiff on notes and accounts due him by the defendant. The latter did not contest the action and made default to the suit. The suit of Joseph A. Rhombert against the Tri-City Railway company for \$5,000 damages because he was ejected from a street car, according to his petition, when he tendered a bridge ticket which the conductor claimed was overdue, was begun in Judge Donegan's court.

Obituary Record.—After a prolonged illness of over six years' duration, Hat-

tie Stoltenberg, the 19-year-old daughter of John Stoltenberg, ex-chief of the fire department, died yesterday at the home, 727 West Fourth street. The girl became ill while attending school and for many weeks was confined to her home with typhoid fever. Complications developed as a result of the fever and she has been an invalid ever since. She soon contracted heart trouble and gradually grew weaker until death occurred this morning. She attended the public schools here, a student at the Fillmore school. When taken ill she had but six months more to finish grammar school. Miss Stoltenberg was born Jan. 2, 1895, in Davenport, the daughter of Mr. and Mrs. John L. Stoltenberg. She has made this city her home all of her life. Besides her parents she leaves to mourn her death, a sister, Mayme Stoltenberg at home; her two grandmothers, Mrs. M. Ramm of Davenport and Mrs. Mary Stoltenberg of Marshalltown, who will attend the funeral. Funeral services will be held at 2 o'clock Sunday afternoon from the home, with interment in Fairmount cemetery.

Mrs. Elizabeth Welsh, 84 years old, died yesterday at a local hospital after a brief illness. She had been a resident of Davenport for over 60 years. For many years Mrs. Welsh resided at Tenth and Rock Island streets, but on the death of her husband, Michael Welsh, several years ago, removed to the hospital where she has been ever since. The body of the aged woman was removed to the Halligan parlors and will be held there pending funeral arrangements. No relatives survive so far as is known.

Inflammatory Rheumatism Quickly Relieved.

Morton L. Hill of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried Dr. Detchon's Relief for Rheumatism. It gave immediate relief and she was able to walk in three days. I am sure it saved her life." Schlitz in Brown Bottles does not have that disagreeable taste

so often found in beer in light bottles. We reprint below an extract from an opinion rendered by another famous scientist:

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Lintner.)

Here We Come With all the Good Things

Zephyrs from the land where the good hard wheat grows, bringing Bread, Pies, Cakes and Cookies right into your home.

Eat them—Eat Lots of Them They are made of

ZEPHYR FLOUR

You never saw such good Bread, Pies and Cakes as people can make out of Zephyr Flour. The Zephyrs are calling at every home. If you don't do your own baking, get the Zephyr Flour good things at the baker's.

Down the chimney the wild wind roared
While I sat feasting at the board.
The table was with good things spread
But best of all was Zephyr bread.
